"Tanran Reiki has become a way of life for me. With Reiki I am able to help heal horses as well as help them keep a balanced mindset through their training. Last week a client mentioned that when her horses have spent time with me their energy seems different. They are calm and when they work it is in a settled way of going with a soft eye and little tension. WHAT A BLESSING!" **Kim Peterson 2012**

*"An absolutely amazing course. I work with horses & having learned Equine Reiki has enabled me to connect so much better with them and help them on a physical as well as emotional level."* **Petra 2014**

Reiki is easy to learn and has amazingly deep healing effects on everyone you use it with. You gain deeper understanding of your animal's wants and needs and with no side effects but only benefits, your animals and you will love it. Actually, common "side effects" are a deep sense of peace and calm, optimal physical performance, fast pain relief, emotional health and wellbeing and being in much greater harmony with life and others.

Riders become more centered, relaxed and in tune with their horses! And Reiki makes for a great performance horse or riding pony, too! ☺

This course will take you to a different level of consciousness and into a true heart to heart connection with the animals. You will engage your intuitive ability and will be able to support and help to heal your animals no matter what the circumstance.

**Gift this course to yourself and the animals in your life and join us to learn the amazing healing powers of Equine Reiki in a fun and casual way. Let yourself experience the profound heart connection and joy that happens in Equine Reiki! Being in deep union and harmony and helping the animals heal on all levels of their being- naturally!**
